# TURKISH, ELECTRIC, AND VAPOR

# BATHS,

FOR THE TREATMENT OF

# ACUTE AND CHRONIC DISEASES,

## GRAND PACIFIC HOTEL, CHICAGO, ILL.

Private Entrance on Jackson street, near La Salle.

---

**This Institute is furnished with all Modern Improvements, and is one of the most complete of its kind in the country.**

---

## THE TURKISH BATH.

The Doctor has spared no pains or money in fitting up this department, and justly claims it as one of the most complete in this country. It is the only one in the city that has the PLUNGE BATH connected with it. It is thoroughly ventilated and well lighted, and offers every convenience for the comfort and pleasure of persons desiring that form of treatment. It is centrally located, and can be reached by the State and Madison and Van Buren street cars; also by the South and North Side stages.

## WHAT DOES THE BATH DO?

It cleanses the skin, and removes all effete matters that accumulate upon its surface. It opens the pores, and establishes a healthy action of the perspiratory tubes. It removes from the blood the impurities which cause disease. It equalizes the circulation of the blood. It renders the skin less susceptible to changes of weather. It promotes absorption and removal from the system of superfluous deposits that have accumulated in the tissues. It strengthens and toughens the tissues of the whole body, greatly lessening the liability to disease. It soothes and strengthens the nerves, promotes sleep, and preserves health. It aids digestion and assimilation, and tends to establish a healthy action of all the organs of the body.

Many of the most able physicians in Europe and in this country recognize the remedial powers of this Bath, use it for themselves and families, and advise it for their patients.

---

## ELECTRICITY.

This Department is not surpassed by anything in this country or Europe. Electricity is used in all its forms, both direct and indirect, with or without the bath.

Patients visiting this Institution may feel assured that they will receive the form of treatment their individual cases may indicate.

### Having had many Years' Practical Experience with the Use of Electricity,

In the treatment of disease, we feel warranted in saying that at no similar institution will the patient receive more CAREFUL OR THOROUGH TREATMENT.

Patients in the city can be treated at their residences when desired.

---

## THE VAPOR BATH DEPARTMENT

Is also very complete, and special attention will be given to medicating these baths with whatever remedy the case may require; in fact, nothing has or will be spared that money or experience can furnish. I have endeavored to give the people of Chicago what they long have needed, a perfect Institution, and hope to receive in return a liberal patronage.

## PROMINENT AMONG THE DISEASES TREATED

Are Nervous Diseases, Rheumatism, Neuralgia, Scrofula, and General Debility, Diseases of the Lungs and Heart, Liver, Spleen and Kidneys, Catarrh, Bronchitis.

# FEMALE DISEASES A SPECIALTY.

A Competent Lady always in attendance for Lady Patients.

A WORD TO THE LADIES.—The Bath is particularly valuable in derangements and irregularities to which many ladies are subject. It materially aids the lungs in the process of decarbonizing the blood and supplying it with oxygen. It improves the complexion, and is superior as a cosmetic, making the countenance fresh and rosy, and leaving behind no deleterious effects.

# STREET CAR AND OMNIBUS ROUTES.

## STREET CARS.

Visitors to the city will find street-car travel ample for nearly all their needs in the locomotion line. Cars run to almost every part of the city, at intervals of from two to twelve minutes and one hour, according to destination. The fare to all points inside the city limits is uniformly five cents, and that to points with which the "dummy" connects, ten cents extra.

*The South Division.*— All the South Side cars start at the intersection of State and Lake streets, and run as follows:

*Via* State street to Thirty-third street, connecting with Union Stock Yard cars.

*Via* State and Twenty-second streets and Cottage Grove avenue to Thirty-ninth street also *via* same route to Twenty-fifth street. The "through cars" connect at Thirty-ninth street with Hyde Park dummy.

*Via* State and Eighteenth streets and Indiana avenue to Thirty-first street.

*Via* State street and Archer avenue to South branch Chicago river.

*The West Division.*— Cars leave the intersection of State and Lake streets for the West Side as follows:

*Via* Madison street to the limits.

*Via* Madison and Halsted streets and Blue Island avenue to Sixteenth street.

Cars leave the corner of Randolph and State streets as follows:

*Via* Randolph and Lake streets to the limits.

*Via* Randolph street and Milwaukee avenue to Bloomingdale street.

*Via* Randolph, Clinton and Jefferson streets to Sixteenth street.

*Via* Randolph, Fifth avenue and Van Buren street to Wood street.

*The North Division.*— Cars leave corner Clark and Madison streets, for Sedgwick street, Clybourn avenue and Larrabee street, Chicago avenue, Lincoln Park, Fullerton avenue and Lincoln avenue. Also, every hour to connect with the dummy at Diversey avenue, running to Graceland Cemetery.

*West and South Divisions.*— In addition to the above, a line of cars runs through from Wood st. on the West Side to Twenty-second st. on the South Side, *via* Madison and State sts. These cars run about every five minutes.

## OMNIBUSES.

*Canal Street Line.*— Runs from Sixteenth and Canal streets to Kinzie street, Kinzie street to N. Clark street.

*North Side Stage Company.*— From Jackson and Clark streets to Lincoln Park, on N. Clark st. From Madison st. to Chicago ave. west to Larrabee and Centre sts. From State on Madison st, N. Clark st. to North ave. bridge.

*Lumberman's Line.*— From Lake and State streets to Clinton street, Clinton street to Washington street, Washington street to Desplaines street, Desplaines street to Van Buren street, Van Buren street to Halsted street, Halsted street to Twenty-second street.

*Madison Street Line.*— State and Madison streets, on Madison street to Western avenue.

*Twenty-second Street Line.*— From Twenty-second street and Wabash avenue on Wabash avenue to Madison street, on Madison street to Halsted street.

*People's Bus Line, or Z. I. P.*— From Wabash avenue and Twenty-uinth street on Wabash avenue to Madison and State streets.

*Great Western Line.*—From State und Randolph streets, on Randolph to Lake street, on Lake street to Western avenue.

*Indiana street Line.*— From Randolph and State streets, on Randolph street to Halsted st., on Halsted st. to Indiana st., Indiana st. to Western ave.

# HACK ORDINANCE.

The price to be charged by the owner or owners, or drivers of any hackney-coach, carriage or vehicle for the conveyance of passengers, except omnibuses, for hire within the city of Chicago, shall be as follows, to be regulated and estimated by the distance on the most direct routes, namely:

For conveying each passenger from one railroad depot to another railroad depot, fifty cents.

For conveying each passenger not exceeding one mile, fifty cents.

For conveying a passenger any distance over one mile and less than two miles, one dollar.

For conveying each additional passenger of the same family or party, fifty cents.

For conveying a passenger in said city any distance exceeding two miles, one dollar and fifty cents.

For each additional passenger of the same family or party, fifty cents.

For conveying children between five and fourteen years of age, half the above rates may be charged for like distances, but for children under five years of age no charge shall be made. Provided, that the distance from any railroad depot, steamboat landing or hotel, to any other railroad depot, steamboat landing or hotel, shall in all cases be estimated as not exceeding one mile.

For the use by the day of any hackney-coach or other vehicle drawn by two horses or other animals, with one or more passengers, eight dollars per day.

For the use of any such carriage or vehicle by the hour, with one or more passengers, with the privilege of going from place to place, and stopping as often as may be required, as follows: For the first hour, two dollars; for each additional hour or part of an hour, one dollar.

For conveying one or more passengers to or from any place in said city, between the hours of twelve o'clock midnight and seven A. M.—for each trip, without regard to distance or number of passengers, two dollars.

For the use of any cab or other vehicle drawn by one horse or other animal, by the hour, with the privilege of going from place to place, with one or more passengers, and stopping when required—for the first hour, one dollar; for each additional hour or part of an hour, fifty cents.

For the use of any such carriage by the day, four dollars.

Every passenger shall be allowed to have conveyed upon such vehicle, without charge, his ordinary traveling baggage, not exceeding in any case one trunk and twenty-five pounds of other baggage. For every additional package, where the whole weight of baggage is over one hundred pounds, if conveyed to any place within the city limits, the owner or driver shall be permitted to charge fifteen cents.

*From the "Chicago Advance," June 5th, 1873.*

"Household Words."—Prominent among Chicago establishments is the new manufactory of Steele & Price, 201 and 203 South Water Street, corner of Fifth Ave., where articles indispensable to all good housewives are prepared. We refer to the celebrated Dr. Price's Cream Baking Powder and Special Flavoring Extracts, which have become, truly, household words, and are indispensable articles in every family. Dr. Price's Cream Baking Powder is the leading baking powder in this country, and has acquired its extended reputation from its perfect purity and wholesomeness; while Dr. Price's Flavoring Extracts are acknowledged three times the strength of those ordinarily sold, and are *true* to their names—the most delicious, delicate flavors ever made.

The United States government indorse the claims of this establishment for purity, strength, and excellence of its productions, by giving the house large orders to meet the wants at the various military posts. The motto of this house is: *No adulteration; no deception; full measure; and every article of the highest excellence.*

If reliable articles in this line are wanted, they can be found at Steele & Price's Laboratory, which is, without doubt, the largest of its kind in the world.

## A NEW AND USEFUL INVENTION.

*Now being extensively and rapidly introduced for Pumping Water and other Liquids.*

ADAPTED TO

MINES, MANUFACTORIES, RAILROADS, DWELLINGS, STEAMBOATS, TAN YARDS, BRICK YARDS, SEWERS, BREWERIES, SUGAR HOUSES, DRY DOCKS, FOUNDATIONS, WELLS, GAS WORKS, &c.

The attention of the Railroad, Steamboat, Mining and Manufacturing community, and all others directly or indirectly connected with the use of steam, is solicited for the examination of the wonderful, unique, and interesting apparatus shown in perspective and in section on first page of this circular.

It represents the latest improved form of the "Pulsometer," and in its design and construction, and vast universal scope of usefulness, will be found to combine maximum durability, efficiency, simplicity and strength, with minimum weight, size, and operative expenditure, and will meet all the exigencies of the severest trial.

The principal characteristic difference which distinguishes the invention from the Piston Pump, is the total absence of mechanical elements, and a substitution therefore, of purely functional conditions, arranged in harmony with the simplest form of apparatus, thereby utilizing the simplest principles of hydro-dynamics.

It is an invention in which the steam pressure is brought directly to bear upon the liquid, as the forcing element, while the subsequent condensation of the same furnishes the lifting force, whereby the alternate vacuum and pressure within a pair of suitably arranged chambers, produces a continuous stream.

The Pulsometer is peculiarly adapted to pumping water from Mines, as its entire reliability and positiveness of action secures it from liability to stoppages by breaking machinery or wear and derangement of parts by grit, mud, or sand, which may be present in the water; it is, therefore, indispensible in digging for foundations, and excavating where these troublesome elements occur.

It is also adapted to irrigating lands, draining swamps, &c., filling tanks at railroad stations, and may be so located as to fill the locomotive tank from any contiguous pond, well, or stream, by using the steam from the locomotive itself. One of suitable size, with flexible steam connection ready for instant application, would thus do away with the use of special water tanks, pumping engine, and the expense of an engineer, at watering stations. It may be used on board vessels for the triple purpose of a bilge pump, fire extinguisher and deck pump; being instantaneous in its action, and *always ready* for use, requiring no oiling, packing, or any special care from a professional engineer. Its great value for this purpose must be apparent. It may also successfully be used to elevate water in large quantities, for the supply of cities, towns and villages.

It may be placed any distance from the boiler operating it, it being only necessary to convey the steam through a small pipe protected by some non-conducting felting. In excavating shafts, wells, or other places, the Pulsometer may be suspended by a chain or rope, and lowered at will, as the work progresses; a flexible steam and discharge pipe being provided to facilitate the changing adjustment.

The Pulsometer is peculiarly adapted to Paper Mill use, as it will pump pulp as readily as water. Sugar Houses are also using them with great satisfaction for elevating syrups. In short, the Pulsometer utilizes a principle of nature, never before reduced to practice, and all interested in pumping of every kind are invited to examine its claims to public favor, criticise the philosophy upon which its action depends, and avail themselves of the advantages offered by its adoption.

Pulsometers, with suitable boilers, furnished for Mills, Factories, Tan Yards, Brick Yards, Paper Mills, Oil Works, Mines, Railroads, Wrecking or Bilging Vessels, and for Water Works.

Competent mechanics furnished when desired, to properly connect and operate the Pulsometer, or full printed directions will be furnished, to enable the unskilled to manage it.

Orders filled for Pulsometers of Brass, Composition, for Tanneries, Salt Water &c., Lead, for Acids, or Bronze for Sugar Works.

Satisfaction guaranteed, and a reasonable time allowed for trial to responsible parties, For further information, Price Lists, Directions, &c., &c., call on or address

## PUBLIC PARKS.

A magnificent system of Parks and Boulevards is being provided in and around Chicago. When finished, they will be unexcelled in the world for extent and general beauty. At present the work is being carried out, and they present an unfinished condition. The Parks, and routes to them, are as follows:

*Lincoln Park*—On N. Clark st. and the lake. Accessible by cars on N. Clark st. and North Side omnibus line.

*Humboldt Park*—In the northwestern part of the city, on California ave., bet. W. Division st. and W. North ave. Accessible *via* Milwaukee ave.

*Central Park*—In the western part of the city, on Central Park ave., between Kinzie and Harrison sts. Accessible by Madison and Randolph st. cars and omnibus line.

*Douglas' Park*—Southwest, on California ave., bet. Twelfth and Nineteenth sts. Accessible by way of Twelfth st.

*South Park*—On the lake, south of the village of Hyde Park. Accessible by way of Cottage Grove ave. cars and Ill. Cent. R. R.

These Parks are connected by a system of splendid Boulevards, from 300 to 400 feet in width.

Besides the above system, Chicago has other Parks, viz.: Union Park, on W. Lake and W. Madison sts.; Jefferson Park, bet. Loomis and Throop and W. Monroe and W. Adams sts.; Ellis Park, on Vincennes ave., south of Douglas place, and the Lake Park, on the lake front and Michigan ave., bet. Randolph and Twelfth sts.

Union and Jefferson Parks can be reached by Madison and Randolph st. cars; Ellis Park, by Cottage Grove ave. cars, while the Lake Park is within easy walking distance of the old Court House.

## CHICAGO TUNNELS.

*Washington Street Tunnel*—Extending from S. Market st. to S. Canal. First contract for building awarded to Messrs. Stewart & Ludlam, in the spring of 1866, but in the fall of same year, a section of about 80 feet caved in, and the work was then abandoned. New contract for building given June 20, 1867, to J. K. Lake & Co., who completed the work in the summer of 1868. Covered portion, 920 feet; extreme length, 1,650 feet; width of arches at river line, 24 ft. 6 in.; cost of building, $400,000.

*La Salle Street Tunnel*—Extends from E. Randolph st. to N. Kinzie. Contract for building awarded May, 1870, to Robert E. Moss & Co., and was completed May, 1872. Covered portion, extending from Lake street to Kinzie, 1,000 feet long; river portion, 250 feet long; extreme length, 1,750 feet; cost of building, $500,000.

*Lake Tunnel*—Contract for building awarded, 1862, to Messrs. Dull & Gowan. Tunnel, completed 1865, extending from Water Works to Crib, is two miles long; diameter, 5 feet 2 inches; total cost, $450,000.

*The New Lake Tunnel*—(Now in course of construction.) Contract for building awarded to Messrs. Steel, McMann & Steel, fall, 1872; is to extend from corner 22d street and Ashland avenue to Water Works, and thence alongside of old Tunnel to Crib; extreme length, 6 miles; diameter, 7 feet 2 inches; estimated cost, $500,000.

# Chickering Pianos

## A NEW IMPROVEMENT.

*The world renowned Chickering Piano firm have recently invented and patented a new metal double bearing agraffe, through which every string in the Piano passes, thus producing the clearest and sweetest tone imaginable.*

*The Piano both tunes much easier and stands in tune longer.*

*It is used ONLY in the Chickering Pianos, and is considered the most notable and valuable improvement that has been made in Pianos in late years.*

*The superiority of Pianos made in this new style is so marked that to see and hear the Piano is to admit the fact.*

*A comparison is challenged between these and the instruments made in the ordinary way.*

*No one who thinks of purchasing an instrument should neglect to see them.*

*Prices range from $500 to $800, according to style of case.*

*Will be furnished on payment of $100 cash, balance in monthly installments.*

*Old Pianos taken in exchange at their cash value, in part payment for new ones.*

*Samples of these new style Pianos can be seen at*

## REED'S TEMPLE of MUSIC,

**Cor. Dearborn and Van Buren Streets.**

*Every visitor at this Hotel is cordially invited to call and examine them, whether wishing to buy or not.*

*A large assortment of cheaper grades of new and secondhand Pianos, at prices from $200 to $400, also constantly on hand.*

# CHICAGO STREET DIRECTORY.

## EXPLANATORY.

The city comprises three Grand Divisions, known as the North, South and West Sides.

State street is the main artery to the South Division. Horse cars run its entire length, and also branch off for Indiana avenue, Cottage Grove avenue and Archer avenue; also for the West Division.

North Clark street is the main artery to the North Division. Horse cars run its entire length, and also branch off for Chicago avenue, Division street, Sedgwick street, Larrabee street and Clybourn avenue.

Madison, Randolph and Lake streets are the main arteries to the West Division. Horse cars, from corner State and Lake, in South Division, run on Madison street to Western avenue, branching off at Halsted street for Blue Island avenue S. W. to Mitchell street; also, from corner State and Randolph, South Division, run on Randolph street its entire length, thence on West Lake to Western avenue. Branches from Randolph street run on Clinton and Jefferson south to Burlington Crossing, on Van Buren street to Southwestern avenue, and on Milwaukee avenue to Division street.

Horse cars and stage lines are noted in such streets as they run upon; also, on such streets as may be reached by those conveyances within a few blocks.

## Fishing Tackle & Sporting Goods,

**335 WABASH AVENUE, NEAR P. O.**

**AND CELL ST., SHEFFIELD, ENGLAND.**

In Breech Loaders we import direct the latest improvements in "Westley Richards," "Greener," "Scott's," our own, and others. In Pocket and Pen Knives our stock consists of several thousand dozen, and of patterns the newest and most desirable. Also, a full line of Razors, Scissors, Barbers' and Tailors' Shears, Table and Butcher Knives, Carvers, etc. Revolvers of all leading makers. Fishing Tackle and sportsmen's complete outfit.

Our importations come direct from our house in Sheffield in bond to Chicago. We sell both Wholesale and Retail.

All goods bearing our name are warranted good quality, and if otherwise may be returned. Please favor us with a call.

Yours truly,

**W. E. SPENCER & CO.**

CULVER, PAGE, HOYNE & CO. PRINTERS. } 118 & 120 Monroe Street, Opposite Old Post Office.

# UNITED STATES MAILS.

The single letter rate of postage is THREE CENTS throughout the U. S. for ½ oz. or under. An additional rate of THREE CENTS is required for each additional ½ ounce, or fraction thereof.

The following are the quarterly rates of postage, when paid QUARTERLY OR YEARLY in ADVANCE, on Newspapers and Periodicals, issued once a quarter, or MORE FREQUENTLY, and sent to actual subscribers from a known office of publication.

| | PERIODICALS. | | | NEWSPAPERS. | | | | |
|---|---|---|---|---|---|---|---|---|
| | Q'tly. | Mt'ly | Semi-Mtl'y | W kly | Semi-Wkly | Tri-Wkly | 6 tms a W'k | Daily |
| | *Cts.* | *Cts.* | *Cts.* | *Cts.* | *Cts.* | *Cts.* | *Cts.* | *Cts.* |
| (One copy only.) Not exceeding 4 oz. or fractions thereof | 1 | 3 | 6 | 5 | 10 | 15 | 30 | 35 |
| Exceeding 4 oz., up to 8 oz | 2 | 6 | 12 | 10 | 20 | 30 | 60 | 70 |
| " 8 oz., " 12 oz | 3 | 9 | 18 | 15 | 30 | 45 | 90 | 105 |
| " 12 oz., " 16 oz | | | | 20 | 40 | 60 | 120 | 140 |

Transient Newspapers and Miscellaneous mailable matter to be PREPAID by stamps.

| | 2 oz. | 4 oz. | 6 oz. | 12 oz. |
|---|---|---|---|---|
| | *Cts.* | *Cts.* | *Cts.* | *Cts.* |
| *Printed matter, circulars, etc., (except books,) one cent for every two (2) ounces or fraction thereof | 1 | 2 | 3 | 6 |
| Books, two (2) cents for every two ounces or fraction thereof, limited to four pounds | 2 | 4 | 6 | 12 |
| Samples of merchandise, metals, ores and mineralogical specimens, 2 cts. for 2 oz. or fraction thereof, limited to 12 oz. | 2 | 4 | 6 | 12 |

## MANUSCRIPT.

Manuscript for publication in newspapers, magazines, or periodicals transmitted by mail, must be prepaid at letter rates of postage. None but book manuscripts can pass at rates prescribed for transient printed matter.

## The following classes of Letters are not Advertised:

Drop Letters, unless a three-cent postage stamp is affixed.
Letters bearing requests to be returned, or bearing the name and address of the writer.
Box Letters.
Letters directed and sent to hotels, and thence returned to the Post Office as unclaimed.
Letters returned from the Dead Letter Office to writers.
Circulars, free packets containing printed documents, speeches, and other printed matter.
Official Letters from any department of the government.
Letters once taken from the Post Office by the proper parties, or delivered by the carriers, cannot be forwarded without again being prepaid.

## SUGGESTIONS TO THE PUBLIC.

Post all letters, etc., as early as practicable, first tying circulars in bundles with the addresses all in one direction.
Make the address legible and complete, giving name of Post Office, County and State, and number of house if in a street.
Letters for places abroad should have the name of the country, as well as the county and town or city.
Dropping a letter into the letter box, see that it falls well in and does not stick in the passage.
Never send money or other article of value through the post, except by money order, or in a registered letter securely sealed.
When complaint is made of letters lost, miscarried or delayed, state when, where and by whom posted, exact words of the address, etc., and in case of delayed letters, send the envelope.
Sign full name and address to all letters to insure their return in case required.
Return to Post Office all letters addressed to hotels and other places where letters are received, as soon as it is evident that they are not to be called for.
